Motion made by Dean Reid to approve the Treasurer's Report, 2nd by Scott Scheidt.

Mike Mulling was at our last meeting, Discussed possible projects on the Shimota and Mathwig property. We did receive a bill for some of the work that has been done.

Shell Pouches: Scott has been in touch with Midway USA. They recommended to call back around February. They only embroider with their name on the merchandise. We will get them ordered around that time frame.

Chuckar Challenge Update: Had a total of 68 runs which is up from last year.

Trademark: Paperwork and everything has been turned in to get this completed.

Website: Our contact for the website has updated and freshened up the site. A copy of it was shown to those present and all were in agreement to make the change.

Glencoe Archery Club: They are looking for support from CPA. They have been talking with the park board and so far things are looking good. Waiting for the next step but will keep everyone up to date. Would be up to the local chapters if they were wanting to donate at all.

Motion made by Bob Reid to adjourn the meeting
