Trademark was denied for class 36. Need to make sure for fundraising efforts that at least 1 copy of each event flyer needs to be done in color, the rest can be done in Black and White.

With updating website we would have the option to have people pay online for the banquets. It would be helpful to have each chapters banquet invite listed on the website along with their banquet date. Also can add a section for recording the pheasant bands as well. Just need to know if this is something that we would want to pursue and what information that we would need to get this added to the website. We just need to give our Website person the time to get this page done for us.

Green Isle Chapter released 1,363 pheasants.

Gaylord Chapter released 570

Glencoe Archery Club will be moving forward to the Glencoe City Council meeting on Monday August 17th. Already have been granted access to part of the land from the power plant.

Sibley County 4-H Shooting Sports has added Trap new for this year. They are short \$1,600 to continue for the remainder of the year. Need more targets and shells. Did get \$200 donation from Shady Lane. Have 15 students all together. As of right now they have 10 signed up for Trap. They would need the money in the next couple of weeks. Will have each chapter talked to their chapter and see what they want to do.

Motion made by Dean Reid and 2nd by Bob Reid to adjourn the meeting.

Next Meeting: September 13th
